

March 12, 2018

Dear Value Customer,

We are excited to announce that Cyber Broadcasting, LLC has merged with Surf Air Wireless, LLC.

Surf Air Wireless is headquartered in La Porte, Indiana and provides internet service similar to Cyber Broadcasting. We believe that by merging our companies, we can become stronger and improve our network reliability, internet speeds, and customer support.

Over the next couple of months, we will be transitioning over to a new customer support and billing system. You will start seeing Surf Air Wireless' name and logo on our communications. We will let you know when we switch over to the new billing system.

All our Cyber Broadcasting employees will be joining the Surf Air Wireless team. We will continue local operations from our Coal City office.

Our goal is to provide you with superior service and we believe this merger will help us accomplish this goal. We want to thank you for your business and loyalty and we look forward to serving you.

Sincerely,

**Cesare**

Cesare Bratta  
President  
Cyber Broadcasting, LLC
